

LEGEND		count
c-G	Watson-Crick basepair (bp)	376
G-U	G-U or U-G bp	69
A-A	non-canonical bp	21
A--	internal half-gap bp	1
---	internal double-gap bp	13

Consensus nucleotides (nt) are displayed, defined as the most frequent nt at each position. Capitalized nts occur in ≥ 0.75 fraction of sequences that do not have a gap at the position.
